

17WCEE 17th WORLD CONFERENCE ON EARTHQUAKE ENGINEERING

With Bosai / Disaster Management Expo in Sendai
At Sendai International Center, Sendai, Japan

Presentation style

Basic Policy 1: 17WCEE will comprise both an in-person conference and a virtual (on-line) conference taking advantage of both merits for larger participation even under the COVID-19 situation.

Basic Policy 2: The presentation style will be provided from 1) to 4) in the following.

Even the in-person conference will be held at the venue for 6 days from Sept. 27 to Oct. 2, 2021, the on-line conference period will be extended to one week before and one month after the conference, from Sept.20 to Nov. 2, 2021, as an “Extended conference period (ECP)”. To aim that all participants are able to access the conference nevertheless the time lag, the presentation material submitted in advance will be opened for all registered participants and the on-line bulletin board discussion will be available anytime during the ECP. Also, for those who were not able to join the discussion in real time, the discussion of Oral and Organized Sessions will be recorded and available after the conference.

Extended conference period (ECP): from Sept. 20 to Nov. 2, 2021

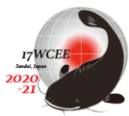

On-line Bulletin Board (OLBB): Available during the “Extended conference period” to all registered participants for Q&A and further discussions of all sessions. Please actively participate in the discussions using this bulletin board.

1) Oral/ COS Presentations

All presenters, regardless of whether they are on-site or on-line speakers, are required to submit their presentation materials and videos, and to upload them to the viewing system available to all 17WCEE participants during ECP along with the OLBB.

2) Poster Presentations/ Short Oral Presentations

All presenters are required to submit their presentation materials (video are optional). Different from the original poster presentation style, poster presentations will be conducted only on-line, but the presenters and the 17WCEE participants can have discussions through the OLBB during the ECP. In addition, if the authors intend to present at the venue, it will be possible to hold a short oral presentation (SOP) as an option. Please note that there is a limitation of physical space at the venue for SOP.

3) SOS Presentations (MS, ITS, SS)

Aiming to encourage more active discussion for the specific themes, special organized sessions (SOS) will be held in the following two ways. If the session organizer can attend on-site at the venue, the session will be conducted through Zoom Meeting with participants on-site as well as on-line. If the session organizer attends on-line, the session can be held from 1 week before the conference and the organizer will set up the Zoom Meeting so that all participants can join the session on-line. Both sessions will be recorded and uploaded to the viewing system, and open to all the 17WCEE participants during the ECP. OLBB is also available for further discussion.

4) Keynote lectures/ Invited lectures

Lectures will be delivered either via video messages or live lectures at the venue based on the speakers' requests. In either case, all the 17WCEE participants will have real-time and on-demand access to the lectures.
